Resolution No. _____ Passed _____, 20____

RESOLUTION NO. 2264

A RESOLUTION ADOPTING A CYBERSECURITY POLICY FOR THE VILLAGE OF GLANDORF, OHIO

Whereas, the State of Ohio has enacted House Bill 96 – RC 9.64, requiring the Village of GLANDORF to adopt and maintain a CyberSecurity policy by July 1, 2026; and

Whereas, it is in the public interest to protect the confidentiality, integrity, and availability of village systems, data, and services; and

Whereas, certain technical and procedural components of the CyberSecurity policy are classified and exempt from public disclosure for security reasons; and

Whereas, the purpose of the CyberSecurity policy is to outline the actions and behavior necessary to mitigate inappropriate risks, provide guidance on access control, system security, data protection, incident response, training and third-party management; and

Whereas, the Council of the Village of GLANDORF, Ohio takes immediate action to establish a comprehensive CyberSecurity policy in compliance with state law and best practices;

NOW THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE VILLAGE OF GLANDORF, OHIO, BY AT LEAST TWO-THIRDS OF THE MEMBERS ELECTED THERETO CONCURRING:

SECTION I. The CyberSecurity policy binder, which will be available in the Administrative office, shall govern the Village's cybersecurity policy.

SECTION II. No ransom demand shall be paid in response to a CyberSecurity incident unless authorized by resolution of Village Council explaining why Village Council thinks paying the ransom is in the best interest of the Village.

SECTION III. The village shall report CyberSecurity incidents to the Ohio Homeland Security's Ohio Cyber Integration Center (ODIC) within seven (7) days and the and the Ohio Auditor of State within thirty (30) days, or sooner if otherwise required by law.

SECTION IV. Records, documents, or reports related to the cybersecurity program and framework, and reports of a cybersecurity incident or ransomware incident are not public records. Records identifying cybersecurity-related software, hardware, goods, and services, that are being considered for procurement, have been procured, or are being used by a political subdivision, including vendor name, product name, project name, or project description constitute "security records" and are exempt from the requirements to produce those records in response to a public records request.

SECTION V. That this Resolution shall be in full force and effective immediately upon passage.
